Happy 4th of July!

Ready, Set, GO! We are definitely kicking off the summer with a BANG! As we play and learn through our way through summer please remember to provide your child with appropriate clothing, shoes, etc. for the hot summer weather. Children may bring sunscreen to school to be applied by teachers, just make sure to complete a sunscreen/medication waiver and leave it with your classroom teacher. Flip flops are not suggested, due to the children running/tripping, but sandals with a back are great for the heat! We encourage the children to hydrate throughout the day and of course during extreme weather we will have indoor play during recess in order to beat the heat! If you have any questions please feel free to check in at the office or with your classroom teacher!

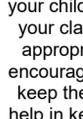

Monthly Curriculum

This month the children will be focusing on:
Party in the USA-learning all about our country, the flag, and celebrating a water play day, and an outdoor picnic!
European Exploration- children will learn about various European artists, landmarks, as well as new and exciting treats from Europe. We will also learn about fairytales, castles, and have a Royal Dress Up Day.
The Jungles of South America -Exotic lizards, bugs, and birds will be out focus this week as we explore the Jungles of South America we also have our Lizard Lady Show this week!
African Safari- children will tour the Savanna, have a safari scavenger hunt, and end the week with a movie day and sprinkler play
Polynesian Paradise- Children will enjoy learning about islands and volcanoes, fruits from the island, and the Polynesian culture. They will also be enjoying a volcano Experiment and our Hula Show!

Sunscreen Waivers

As the weather is heating up we would like to remind all parents you are more than welcome to bring in sunscreen for your child and leave it with your child's teacher. If you would like to do so, please make sure you see your classroom teacher for a sunscreen waiver so you can indicate the appropriate application times, and such. We will always try our best to encourage the children to drink lots of water and stay hydrated as well as keep them inside on those particularly hot days. We appreciate all your help in keeping the kids dressed appropriately and well prepared for the Summer weather.

July Birthdays

Michael G. 7/5
Corinne R. 7/8
Sienna R. 7/8
Daniel G. 7/8
Aden D. 7/26
